The Game for All Kids!

Our Mission

The Eastern New York Youth Soccer Association exists to promote and enhance the game of soccer for the youth of Eastern New York between the ages of 5 and 19-years-old, and to encourage the healthy development of youth players, coaches and administrators. All levels of soccer are offered for the recreational player who is out to enjoy the game and "just have fun"; the club or travel team player who enjoys the spirit of competition and the premier player who is looking to play at the highest levels.

In keeping with the Eastern New York Youth Soccer Association mission statement with regard to all participants in youth soccer and in cooperation with USSF, USYSA and the State of New York, we offer the enclosed Prohibited Conduct Policy and the NYS Child's Victims Act which was signed into law February 14, 2019 which is to be adhered to by all those involved in youth soccer.

The Eastern New York Youth Soccer Association mechanism for reporting of any responsible suspicion of sexual or physical abuse/neglect is:

- A full report should be made to the local law enforcement authority and obtain the proper criminal case number
- The club risk manager must be notified. Every club must have a point person for reporting.
- The club must notify their respective league. Every league must have a point person for reporting and the league must notify the state association.
- The state association must notify the National Governing Body. U.S. Soccer integrity hotline at <https://www.ussoccer.com/integrity-hotline> or (312) 528-7004 and the U.S. Center for SafeSport at <https://www.safesport.org/report-a-concern>.
